This beautiful young girl is Kierstyn. She is 7 years old and attends school at Rizzuto. She is fighting for her life and everyday that passes is a day to celebrate. She has been battling two types of cancer since November. I know that you can see what a hard time this family is having and what they will continue to struggle with in the future. Kierstyn is a child that lives life to the fullest and we should give our all on this day in honor of her. So come and join us in giving back to a special little girl and her family that is in need of help from their neighbors.

#### **Events Include:**

**MD Anderson Blood Drive      BBQ lunches for \$5.00  
Silent Auction**
